Cider Mill Yearbook

Calling all 5th Grade parents - we need some of your photos for the **5th Grade Yearbook** to help make this as memorable as possible. We would love it if you could share with us some pictures of your 5th grader (even better if it also has a bunch of their Cider Mill friends in it)! Examples of specific event pictures we're looking for are:

- First Day of School
- Halloween
- Walkathon
- Wilton town team sports/scouts/band/theater....or any events that happen around Wilton
- Any future Cider Mill events that are upcoming

Please send all photos to CMyearbookPTA@gmail.com

It would be extremely helpful if you include names of those in the picture, CM house and teacher (if possible). Also, if the images are from a cell-phone, please make sure to send as "actual size" to ensure the clarity of the photo is kept.

Thank you for your help!

RULER WEBINAR

RULER: Recognizing, Understanding, Labeling, Expressing, & Regulating Emotions

Webinar Recording Now Available!

Visit: <https://www.wiltoneyouth.org/past-webinars>

In this webinar Wilton Public Schools staff educate parents about RULER, a program of evidence-based tools and social-emotional learning practices from the Yale Center for Emotional Intelligence. Teachers across the district have been trained in these practices and RULER tools are already being used with students in grades K-5 to help students recognize and regulate emotions. Implementation at the secondary level is in progress.

What is RULER?

RULER is an evidenced based approach to social and emotional learning (SEL) that supports the entire school community in:

- Understanding the value of emotions
- Building the skills of emotional intelligence
- Creating and maintaining a positive school climate

In this webinar, you will learn about the four core tools and how we can implement these tools at home:

- Building a family charter
- Mood Meter - emotion vocabulary
- Meta Moment for emotion regulation
- Blueprint for problem solving

Who are the presenters?

- Elena White, Miller-Driscoll School Counselor
- Jennifer Ringelheim, Cider Mill 3rd Grade Teacher, Co-Chair District SEL Committee

WILTON HIGH SCHOOL CLUB: Team STEAM

Do you have a child who is interested in STEM and/or Arts?! Check this out from our very own Wilton HS Club called Team STEAM!

We (Team STEAM) are a group of Wilton high school students who want to help bring STEAM (STEM +Art) education to young kids (aged 6-10 years). In partnership with a local startup called 3DuxDesign, our program will teach little engineers the basics of the engineering design process in a fun, creative, and hands-on manner! The program is free, and the other is a \$20 cost which includes an engineering kit. We also accept donations of \$20 which will go to fund a kit and 4 classes for an underprivileged child who cannot afford to pay.

(Note: All payments go towards purchasing kits for children and all high schoolers participating are volunteers)

Team STEAM's mission is to work with young minds and cultivate their passion for engineering and artistic thinking.

Our meetings are a place to speak freely and be understood without embarrassment or the fear of being judged or treated differently.
